HELP NEEDED – AILA MAP CASE PLACEMENT

Posted on [February 12, 2016](#)

I am writing because the cases below were posted on the last AILA Military Assistance Program's presentation. Unfortunately, we are having trouble placing them with any of our MAP volunteers. I wanted to know if it was possible for you to forward these case to your members, by posting it on your chapter's listserv in the hopes that an AILA Texas Chapter member will be able to help these clients.

Of course, if you think there is a better way to present these cases to your members, please feel free to forward them as you see fit. Once a member agrees to help with a case, you can advise them to contact me at, mrolffot@aila.org, and I will send them the client's contact information. If you require any further information, please let me know.

Thank you, I appreciate any assistance you can provide!
